CARNIVAL OF NATIONS GIVES PROMISE OF BEING RIOT OF FUN

(Continued from page one)

for a series of exhibition dances by experts which will be given on a stage being erected in front of the Capitol. These dances will be interspersed throughout the evening with intervals of about half an hour between them.

There will be Irish folk dances, a number of the prettiest gipsy dances, some catchy Spanish dances, the tango and the hula. Perhaps there will be a number of other numbers, the above have been assured. All of them will be performed by experts, and are certain to be highly entertaining.

During the past few days, Superintendent Caldwell, of the department of public works, has been having the Capitol drives cleaned and sanded, so that by tonight it is certain that they will be in excellent condition.

The committee which has been preparing for this big opening event is composed of Sam Walker, Lt. Campanole, D. Lloyd Conkling, Sam Chillingworth, J. Walter Doyle, Roy Paten, Ernest Kaal and Chas. Stillman. The committee has arranged to offer prizes for the most original costume and for the best sustained character. Each of these prizes will be \$25. A committee of judges will be appointed to make the awards, which will follow immediately the close of the dancing.

AD CLUB PIRATES TO EXECUTE DULL CARE IN CAPITOL GROUNDS

It will be awful! The Ad Club Pirates have landed on Oahu again, and already have made prisoner our old fellow townsman, Dull Care. Without mercy, it is reported, the old fellow is to be executed in the grounds of the Capitol, in a most horrid manner. Already the Pirates have erected a scaffold upon which the ghastly act will be performed.

"Is said the freebooters have their prisoner confined in a dungeon near the Central Union church, and that he will be taken forth at 7:30 o'clock this evening, and after being dragged through the principal streets of the town will be put through a short and summary form of trial in front of the Capitol and then executed in the presence of the populace.

Moreover, it is reported, Dull Care will not be the only one to feel the heavy hand of the Pirate chief this night. The edict has gone forth, that an awful vengeance will be visited upon any person found guilty of not enjoying himself. The penalties are said to be too horrible and gory to repeat.

The Pirates purpose dominating the grand carnival of nations, which begins at 8 o'clock this evening on the drives of the Capitol, but after the ball, it is said, they will sail away, but are expected to return to these shores on the night of the 20th inst. when they will make an attempt to capture all the government vessels in the harbor.

FLORAL PARADE TO EXCEL ALL PREVIOUS SIMILAR AFFAIRS

It was very evident from the reports made yesterday at the meeting of the Floral Parade committee, that this feature of the Carnival is destined to very far excel anything heretofore seen in the parade line in Honolulu, both in size and in character.

While but an outline of the parade could be had from the statements of the various sub-committees, it furnished the basis upon which the handling of the big procession could be built by Maj. Ernest N. Smith, who will have full charge as marshal of this important feature.

Forming at Aala park, the parade will proceed along King street to the Capitol grounds, through these grounds to Beretania street, and thence out to Moiliili park for the grand review.

At King and Richards street the procession will be halted long enough to separate each entry and permit it to pass along the broad part of King street at slow speed, and past the reviewing stand which will be here located, thus giving opportunity for an individual inspection of every entry.

The pedestrians in the parade will lead, and will fall out at Keekaukoo street onto Young street, and return to the city.

At Alexander street, aides of the marshal will halt the vehicle entry, on the right hand side of the street, permitting the next behind to pass in front, and so on until the order of march has been reversed, the last becoming first in line. This is done in order to permit the occupants of cars and floats to see the parade, something which in the past they have been unable to do, and which fact has been the cause of a reluctance on the part of some to take active part in the big pageant.

WHAT WILL HILO DO?

With big delegations of Carnival visitors arriving from Hilo, a rumor was current this morning that the Hilo crowd is going to spring a surprise as big as the famous marching division came down here for the civic convention last fall. It was reported today that another marching division is to be lined up for the Floral Parade. Hawaii, Maui and Kauai visitors are all enthusiastic over plans for participation.

Judge-Yours is a very serious crime, my man. Fifty years ago it was a hanging matter. Horse Thief—Well, your honor, 50 years hence it mayn't be a crime at all.

LOCAL CHURCHES TO HOLD SPECIAL SERVICES SUNDAY

In response to a request made some time ago by the Mid-Pacific Carnival committee, the larger churches of Honolulu will hold special services tomorrow, both in the morning and in the evening. All tourists and townsfolk, as well as visitors from the other islands are cordially invited to be in attendance.

"The Light of the World" will be the subject of a sermon which Dr. Irenus Scudder, pastor of Central Union church, will deliver at the morning service which commences at 11 o'clock. In the evening, beginning at 7:30 o'clock, Mrs. Thomas Gladding of Montclair, N. J., a member of the National Board of the Young Women's Christian Association and now a visitor in this city, will speak upon the subject "Association Work for Women and Girls," an address which should be of special interest to the women, and the men of Honolulu. Mrs. Gladding will illustrate her address with a series of stereopticon views. Central Union also is making plans for a special Sunday service, to be held February 22, in observance of the anniversary of the birth of George Washington.

Rev. D. C. Peters, pastor of the Christian church, tomorrow morning at 11 o'clock will deliver the fifth of a series of addresses upon the subject "The Use and Misuse of Soul Power." These addresses have attracted no little attention, and Mr. Peters' ability to talk straight from the shoulder and emphasize his points have made them both interesting and educational. At the evening service, which commences at 7:30 o'clock, Mr. Peters will deliver an evangelical sermon.

Canon William Ault will conduct the services at St. Andrew's cathedral tomorrow morning, as Rt. Rev. Henry Bond Restarick, bishop of Honolulu, will be absent on account of his having been called to preach at Schofield Barracks. The bishop will preach at the evening service, which commences at 7:30 o'clock.

Rev. R. Elmer Smith, pastor of the First Methodist Episcopal church, will preach a sermon upon the subject, "Victory's Mightiest Instrument," at the morning service, which commences at 11 o'clock. At the evening service, which commences at 7:30 o'clock, the pastor's theme will be "Smiles of God's Goodness."

The advance guard of island visitors to the Mid-Pacific Carnival has arrived at Honolulu in the Inter-island steamers Mauna Kea from Hawaii and the W. G. Hall from Kauai, a hundred or more strong.

At Hilo, Mahukona, Kawahae, on Hawaii, and McGregor's and Lahaina, on Maui, passengers swarmed aboard the Mauna Kea, that vessel reaching Honolulu this morning with a list of travelers that nearly approached a record.

DEE-LIGHTED, SAYS DIRECTOR-GENERAL

I am delighted with the evidence of the true spirit of Carnival which already can be noticed among our citizens. We can rise to the occasion as well as can any other place in the world if we will but let ourselves do it. It will pay. To just for one week forget our personal business and worries and join the whole-hearted with every one else in making the Carnival real, will make us all feel better, will bring us closer to our neighbors, and will lubricate the wheels of business for all Honolulu for the next 12 months. Do not let us get everything for the time being except that we believe in Honolulu and believe in having a good time once in a while. Let's give the idea a fair trial, anyhow.

JAMES D. DOUGHERTY, Director-General, Mid-Pacific Carnival.

J. S. "Sunny Jim" McIndless, chairman Floral Parade committee.

HARBOR WILL TAKE ON GALA ATTIRE DURING WEEK OF THE CARNIVAL

Honolulu harbor will be arrayed in gala attire with its wealth of flags and streamers from masts and superstructures of practically all vessels remaining at the port during the life of the Mid-Pacific Carnival.

Details for a decorative scheme for all inter-island steamers remaining at Honolulu during the week were concluded this morning. These vessels will fly a picturesque assortment of colored bunting.

Wireless messages were dispatched to Captain Cowell in the Oceanic liner Ventura, now nearing the port from San Francisco asking that his vessel be fittingly decorated upon arrival here Monday morning.

Orders of a similar import will be dispatched to Captain Trask in the Sonoma that is expected to reach Honolulu from Australia on next Friday morning.

It is understood that masters of Pacific Mail liners Mongolia, Manchuria and the Nile will fall into line and do their share to towards an attractive waterfront while King Carnival reigns supreme at Honolulu.

The Matson Navigation steamer Wilhelmina bringing about 100 visitors to the celebration is another vessel destined to figure in the general decorative scheme. Flags and bunting will be displayed from the Matson steamer Lurline and the tug Intrepid.

C. Brewer & Co. took steps this morning for the decoration of Oceanic wharf.

The cost to Italy of her war with Tripoli was \$191,000,000 according to a statement of the Italian minister of finance.

PUBLIC ASKED TO ASSIST IN TICKET SALES

As the time is now on us for the opening events of the Carnival season, I want to impress upon the public the fact that every effort has been put forth in seeing that tickets for each event were properly issued and that the same effort will be continued in seeing that each holder of a ticket, either scrip or general admission, is provided with just what he has paid for. To do this and to meet any objections from the fellow who always has a grudge, we ask for the assistance and cooperation of every loyal citizen. We are selling 84 scrip or season tickets to each reserved section numbered 1 to 6 inclusive. We are selling also 91 general admission tickets to each section numbered 13 and upwards. Against these tickets, those are provided 84 seats in the scrip ticket sections (7 rows of 12 seats each) and 91 seats in general admission sections (7 rows of 13 seats each).

The space allotted each person, in any one of the rows, in the section indicated by the ticket, is designated by lines 18 inches apart and if each ticket holder will occupy only that one space and not attempt to spread over into two, our troubles will be reduced to a minimum and the pleasures attending the events will not be marred by unpleasant difficulties. We are only selling tickets up to and including seating capacity. In handling the Carnival crowds, we ask cooperation of the public and we ask to be backed up by that Carnival spirit with which we hope every citizen is imbued.

RAYMOND C. BROWN, Chairman.

CAMPING SITES CHOSEN FOR SCHOFIELD MEN AT MID-PACIFIC CARNIVAL

Orders are out naming the camping sites of the Schofield Barracks regiments that are to come to Honolulu for the Carnival and the military parade.

The 4th cavalry, less its dismounted squadron, and the 1st field artillery, less the 1st battalion, also horseless, will camp at Kapiolani park. Headquarters and one battalion of the 1st infantry will camp on Wylie street, between Nuuanu and Liliha; one battalion at Boy's Field, and the remaining battalion at Nuuanu Park. The 25th infantry is to camp at the immigration park near Camp Very.

Special arrangements have been made to patrol the city, the provost guard being increased, and one officer being detailed as officer of the guard for each day.

KARNIVAL KOMMENT

The local Japanese newspapers have responded to the call of the Carnival spirit, and are giving considerable space to stories concerning the celebration. The afternoon publications this afternoon are giving several columns to the decorations throughout the city, and are printing the entire program, in order that all members of the local Nipponese colony may be informed as to what is going to take place and when.

A full rehearsal of the "Mayor of Tokio" was held last evening on the big open air stage in the Punahou grounds. "Sonn" (Cunha, who has charge of the big play, is enthusiastic today over the results. "It is going to be something great," he declared. "The parts are well taken and it's going to make a big hit. Of course the amateurs in the performance feel the rough edges, but everything is going fine, and it will be a fine show."

AT THE THEATERS

BIJOU THEATER

Emma Audelle, the ingenue and scoubrette of the Spaulding Musical Comedy Company, is a native of Minnesota. She was born in Minneapolis and entered her theatrical career there. Miss Audelle says her real name is Audelle Higgins but that it doesn't look well on the billboards so she changed it. In fact she has changed it twice, for she is Mrs. George Chesbro in private life.

Miss Audelle has appeared in several well known dramatic companies, having played with such stars as Dick Ferris, Grace Hayward, Florence Stone, Christine Hill as well as starring in "The Wolf" locally known. When Henry McRae, locally known, opened the new theater in Sacramento recently, Miss Audelle was a member of his company so she comes to Honolulu with wide dramatic experience.

Mr. Higgins objected to his daughter entering the theatrical profession but Miss Audelle persuaded her father that she needed vocal lessons and that amateur theatricals would give her confidence. Through these channels she reached the legitimate stage and her success in every city she has appeared in has been spontaneous.

Miss Audelle will appear as the in-

YE LIBERTY THEATER

Animated pictures of the late Captain Scott's south polar expedition are the attraction at Ye Liberty theater tonight and throughout next week.

The pictures which will be shown in this city have been acknowledged by the press of Europe and America to be the greatest travel film ever produced. Mr. Herbert G. Ponting, F. R. G. S., official camera artist with the expedition, brought back 25,000 feet of cinematograph film, and some 2000 photographic plates, illustrating life and scenes encountered by the explorers. It may be well to state that this expedition was not a mere dash to the pole, but that it was a gigantic scientific undertaking. In fact, the greatest ever financed by any country in the world, which ac-

counts for the wonderful pictorial record obtained by Mr. Ponting. Out of 25,000 feet of film made by him, 5000 feet, the very best obtained, have been selected for exhibition purposes. These pictures when projected upon the screen are comprehensively described in a lecture composed by Mr. Ponting himself, and to say that it is illuminative and entertaining, is but repeating a fact.

NEW UNIFORMS ARE SUGGESTED FOR THE CUSTOM HOUSE MEN

The suggestion of H. P. Wood, secretary of the Promotion Committee, that the residents of Honolulu and Hawaii submit plans for appropriately advertising Hawaii's climate at the exposition at San Francisco in 1915,

was explained to the promotionists at their meeting yesterday afternoon and met with hearty approval. It was decided, also, to commence a campaign of advertising among the leading physicians of the mainland, asking them to forward to the committee the names and addresses of their patients who might be in a position to make a trip to these islands in search of renewed health.

Upon the suggestion of Ed Towse, the committee voted to take up with Collector of Customs E. R. Stackable the matter of having the treasury department at Washington supply the local customs house men with uniforms more suitable to Hawaii's climate. Secretary Wood announced that many mainland newspapers and periodicals are doing much toward helping Hawaii through the medium of articles pertaining to these islands which they have printed from time to time.

Soiled, Baggy Clothes Keep Your Salary Down

It's perfectly true that clothes don't make the man, but it is also true that first impressions count tremendously in the business world. You can't make a good impression any easier than by sending us your suits for

which keeps them in perfect order at a very small cost. You'll be surprised at the amount of additional wear clothes stand with this treatment and how easy it is to keep looking "fit" all the time. The cost is small.
